[Sanctuary Practices In International Perspectives Migration Citizenship And Social Movements](#)

Sanctuary Practices in International Perspectives examines the diverse, complex, and mutating practice of providing sanctuary to asylum-seekers. The ancient tradition of church sanctuary underwent a revival in the late 1970s. Immigrants living without legal status and their supporters, first in the United Kingdom, and then in the US, Canada, and elsewhere in Europe, have resorted to sanctuary ...

Scholars have theorized sanctuary in relation not only to migration and citizenship processes but also gender, race, church-state relations, social movements, civil disobedience, freedom of religion, and political identity. Activists and scholars have wrestled with several vital questions about contemporary sanctuary practices.

Sanctuary cities in the USA, UK, and Canada aim to accommodate illegalized migrants and refugees in their communities. The concept of the "sanctuary city," however, is highly ambiguous: it refers to a variety of different policies and practices, and focuses on variable populations in different national contexts.

Sanctuary Practices in Perspective examines the diverse, complex, and mutating practice of providing sanctuary to asylum-seekers. The ancient tradition of church sanctuary underwent a revival in the late 1970s. Christian churches began providing physical protection to migrants living without legal status and who were facing imminent deportation in church buildings and communities: first in the ...

The Sanctuary Movement - separate from the Sanctuary Model, was a religious and political campaign in the United States that began in the early 1980s to provide safe-haven for Central American refugees fleeing civil conflict. It responded to federal immigration policies that made obtaining asylum difficult for Central Americans. At its peak, Sanctuary involved over 500 congregations in the ...

Sanctuary movements emerged in North America in the 1980s as a means of providing support, advocacy and protection for refugees and other vulnerable migrants. In recent years they have grown quickly in Europe, animated largely by faith activists who invoke moral principles associated with religious traditions. This article examines ancient and modern histories of sanctuary and the implications ...
